★2. Ms S Gwarube (DA) to ask the Deputy President:

★4. Ms M L Moroane (ANC) to ask the Deputy President:

What (a) has been the impact of the Government's interventions in putting an end to the HIV/AIDS epidemic that is still spreading despite the Government's significant investment in the largest HIV treatment programme in the world, which benefits millions of South Africans and (b) novel measures are necessary to substantially reduce the spread of HIV?

NO785E

★5. Mr N Singh (IFP) to ask the Deputy President:

Considering that the mechanism of questions for oral and written reply directed at Ministers is being used as a tool for accountability and transparency as such questions are posed in the interests of the people of the Republic, and noting that most Ministers neglect to honour the prescribed period within which to reply to questions, thus leaving many questions unanswered, (a) does the Government collectively assume responsibility for the number of questions that are endorsed as unanswered on the Question Paper, which withhold information from the National Assembly and the constituent members of the Republic and (b) what steps does he intend taking to address this repeated failure by most members of the Cabinet to avoid it from being repeated?

NO787E

★6. Ms T Breedt (FF Plus) to ask the Deputy President:
